WELCOME TO THE  
NORTHSTAR BIKE PARK

- Thanks for riding with us today. Here are a few tips to help get you started:
- **Take It Slow:** If it's your first time mountain biking, or even your first time biking Northstar, take it slow and get to know the terrain before increasing your speed.
  - **Rent Gear:** Bike rentals, including helmets and full protective gear are available in The Village Demo Shop.
  - **Stay Safe:** We recommend always wearing full protective gear and riding a full suspension bike.
  - **E-bikes** are allowed at Northstar, but you must have a valid pass. Uphill traffic allowed only on designated routes.

**RESPONSIBILITY CODE**  
Mountain biking involves risk of serious injury or death. Your knowledge, decisions and actions contribute to your safety and that of others.

- ALWAYS:**
1. **STAY IN CONTROL.** You're responsible for avoiding objects and people.
  2. **KNOW YOUR LIMITS.** Ride within your ability. Start small and work your way up.
  3. **PROTECT YOURSELF.** Use an appropriate bike, helmet, and protective equipment.
  4. **INSPECT AND MAINTAIN YOUR EQUIPMENT.** Know your components and their operation prior to riding.
  5. **BE LIFT SMART.** Know how to load, ride, and unload lifts safely. Ask if you need help.
  6. **INSPECT THE TRAILS AND FEATURES.** Conditions change constantly: plan and adjust your riding accordingly.
  7. **OBEY SIGNS AND WARNINGS.** Stay on marked trails only. Keep off closed trails and features. Ride in the direction indicated.
  8. **BE VISIBLE.** Do not stop where you obstruct a trail, feature, landing or are not visible.
  9. **LOOK AND YIELD TO OTHERS.** Look both ways and yield when entering or crossing a road or trail. When overlooking, use caution and yield to those ahead.
  10. **COOPERATE.** If involved in or witness to an incident, identify yourself to staff.

**YOU ASSUME THE RISK**  
Mountain biking, hiking, and other recreational activities involve inherent and other risks of injury and death. Trail conditions constantly vary because of weather changes and biker/hiker use. Variations in terrain, stumps, forest growth, rocks and debris (all of which may be hidden by tall grass or vegetation), lift towers, snowmaking equipment, vehicles, logging equipment and other machinery, and other natural and human-made obstacles and hazards may exist throughout the area. Waterbars are drainage structures designed to reduce erosion and may be found on any trail. Please use care when riding over waterbars.

You must assume the risks of personal injury and death related to participation in recreational activities within this recreation area.

**MULTI-USE TRAILS**  
Be aware that trails and roads on-mountain are used for many purposes during the summer. Mountain bikes, hikers, motorized vehicles, construction equipment and others may be encountered at any time.

**TRAIL SYMBOLS AND DESIGNATIONS**

Trail symbols describe the general degree of challenge of trails only within this resort. Trail designations do not apply to terrain features that may exist on a trail. You are the sole judge of your ability to proceed on any trail or to use any terrain feature.

Skill Development Areas (SDA) and Mountain Bike Terrain may include log jumps, rails, bridges, and other terrain features. They are provided for your enjoyment and offer adventure, challenge and fun. Skill Development Areas are designated by the orange SDA oval.

Mountain Bike Terrain is designated by green circle, blue square, and single or double black diamond. Northstar's Mountain Bike Terrain contains man-made and natural features. Prior to using Skill Development Areas and Mountain Bike Terrain, it is your responsibility to familiarize yourself with all instructions and warnings and to follow the "Mountain Bike Responsibility Code" and "Northstar California Information & Rules."
